LABORATORY EQUIPMENTS

Operating stand for "SHORE A, D" durometers

Purpose:

Ensure that the durometers are pressed plane-parallel to the material under test with a standard known force.

Description:

Equipment main features:

- . Support basis with parallelism adjustment ;
- . Handle to raise the test table ;
- . Adjustable Durometer attachment system ;
- . Stainless steel test table and attachment system ;
- . Attachment system with height adjustment ;
- . Suitable mass to exert the pressure required according to the hardness scale.

Supplied with:

Operating instructions ; conformity / calibration certificate

Standards:

DIN 53 505 ; ISO 868

Power Consumption:

Noise:

Power Supply:

Power supply not required
