LABORATORY EQUIPMENTS

Operating stand for "SHORE A, D" durometers (with timer)

Purpose:

Ensure that the durometers are pressed plane-parallel to the material under test with a standard known force.

This version with timer allows also to control the contact time.

Description:

Equipment main features:

- . Support basis with parallelism adjustment ;
- . Handle to raise the test table ;
- . Adjustable Durometer attachment system ;
- . Stainless steel test table and attachment system ;
- . Attachment system with height adjustment ;
- . Suitable mass to exert the pressure required according to the hardness scale ;
- . Timer.

Supplied with:

Operating instructions ; conformity / calibration certificate

Standards:

DIN 53 505 ; ISO 868

Power Consumption:

Noise:

Power Supply:

230 V.AC - 50 / 60 Hz
